EXECUTIVE SUMMARY

Dedicated and detail-oriented engineering student at the Hong Kong University of Science and Technology with a strong academic record (CGA: 3.992/4.3) and a passion for programming and robotics. Proven experience in developing software projects using C++ and demonstrating technical skills through hands-on projects. Bilingual in English and Mandarin, with strong communication skills and a commitment to continuous learning and community service.

EDUCATION

Hong Kong University of Science and Technology

School of Engineering

CGA 3.992/4.3

Awards:

- Dean's List in 2024 - 2025
- Dean's List in 2025 – 2026

Hong Kong

Graduation Date: [15 Sep 2028]

Beijing No. 4 High School

Beijing

Graduation Date: [23 June 2024]

Achievements and awards:

- Third Prize in Chinese Mathematical Olympiad (Beijing Division)

Sep 2023

RELEVANT COURSEWORK

- Honors Calculus I & II
- Honors Design and Analysis of Algorithms
- Programming with C++
- Introduction to Artificial Intelligence
- Advanced Artificial Intelligence and Machine Learning: Computer Vision

PROJECT EXPERIENCE

- Mini Star Rail
A small game programmed by C++. It mainly focuses on using Object Oriented Programming skill to build a small game. (available: [wzx1237/my-Code](#))
Nov 2025
- Control Logic Design for Robot Car
It demonstrated how to programming on an embedding system. (available: [wzx1237/my-Code](#))
Aug 2025
- Real-Robot Reinforcement Learning with World Models and Vision-Language-Action Models
This project will develop a vision-language-action model that learns within a world-model-generated environment using modern RL algorithms such as GRPO. (available: [wzx1237/UROP-World-Model: This is my UROP project](#))
Feb 2026
- Summer Programme in Oxford—Advanced Machine Learning: Computer Vision
I participated the summer programme held by Lady Margaret Hall, University of Oxford. The project and assignment I have done is now available: [wzx1237/LMH-Computer-Vision: lecture notes from University of Oxford, Lady Margaret Hall](#).
Aug 2026

LANGUAGES, SKILLS & INTERESTS

Skills

- Proficient in C++, Python

Languages

- English:
TOEFL Score: 104/120 (Reading: 25/30, Listening: 29/30, Speaking: 22/30, Writing: 28/30)
- Native Mandarin

VOLUNTEER WORK

- Volunteer Work in China Science and Technology Museum
- Support Teaching Activity in DaBaiDeng, ShanXi province

Aug 2023
June 2023
